OVERVIEW

The final placement process for the Post Graduate Diploma in Management (PGDM) Batch 2023-25 at Chandragupt Institute of Management Patna (CIMP) was successfully conducted within the designated placement window from September 2024 to March 2025. The process enabled students to pursue career opportunities aligned with their preferred sectors and functional areas.

A total of 116 dream applications were recorded during the 2025 placement season, reflecting the institute's student-centric approach. The successful completion of the recruitment cycle for all 116 students is a strong testament to the high calibre of the student cohort and the robustness of the placement framework, which offers ample flexibility to both students and recruiting organizations.

PLACEMENT PROCESS

The placement process at Chandragupt Institute of Management Patna (CIMP) is a structured and student-centric initiative aimed at facilitating meaningful career opportunities.

The Placement Season at Chandragupt Institute of Management Patna (CIMP) typically commences from the month of September each year. Prior to this, students are thoroughly briefed about the placement process and protocols and are required to formally acknowledge and sign the Placement Norms Document, making them eligible to participate in the placement process.

The students undergo pre-placement training that includes resume building, aptitude sessions, soft skills development, mock interviews, and group discussions. The process formally commences with the invitation of recruiters and blocking of academic calendar for final placements. As part of the process, a Placement Brochure is designed for circulation. Comprehensive student profiles and academic data are collected and mapped to company-specific eligibility criteria and hiring requirements. Accordingly, eligible students are invited to apply to relevant companies. Most placement drives are conducted on-campus, although virtual and hybrid formats have also been successfully hosted to accommodate recruiters' preferences.

The process includes Pre-Placement Talks, Assessments, Group Discussions, and Personal Interviews, coordinated smoothly by the Training & Placement Cell with active support from the Placement Committee—a team of student representatives playing a proactive role in drive execution and corporate coordination. Once a student receives an offer and the results are officially declared, they are considered 'Placed' and blocked from appearing in subsequent drives, in adherence to the institute's "One Student - One Job" Placement Norm, ensuring fairness and equal opportunity for all.
